

Hedgehogs

Spring One

Reach For the Stars

Maths

We will be exploring number to twenty and focusing on how to represent them, order and compare them as well as work with addition and subtraction within them.

Design and Technology

We will be exploring different fruits and vegetables and then using this to design and make our own smoothie. We will also evaluate our smoothies and discuss what we would improve next time.

PE

We will be exploring the units 'Jump, Shape and Create' and 'Fair, Share and Dare'.

History

In History, we will be looking into the development of transport throughout recent history. We will study the evolution of cars and look at how space exploration has developed since the first space flight.

Computing

We will complete a session on online safety. We will also be looking to create a rocket using our word processing and data processing skills.

PSHE

We will be reflecting on our dreams and goals whilst thinking about how to overcome any challenges that may present when striving to achieve these.

English

In English we will be using the Talk for Writing approach to facilitate the children's writing for a narrative based on the story 'Monkey See, Monkey Do'.

Science

We will be investigating materials this term. We will be thinking about their properties and what objects are made from them and why. We will be conducting simple experiments to test these properties and discuss their suitability.

Music

We will learn about pitch, tempo and dynamics linked to an under the sea theme.
