

Foxes-Autumn 1

Maths

This term we will begin with embedding our place value knowledge- pupils will learn to quickly and accurately solve a range of mathematic problems.

We will also continue with daily multiplication and division practice.

English

This term, we will be writing a suspense piece-to captivate our reader by concealing the threat.

Science

We will be studying animals including humans. Pupils will explore the similarities and differences between species, and use a range of skills to present secondary finding.

Topic

This term I am excited to deliver the topic - Ancient Egyptians. We will explore the civilisation, their beliefs and lasting legacy.

Computing

In this unit, learners develop their understanding of computer systems and how information is transferred between systems and devices

PE

This term pupils will experience PE with a specialist coach and the class teacher - working on invasion skills that can be applied in basketball.

DT

We will be creating pop-up books and presenting these to our reception class for feedback

Music

Pupils will deepen their understanding of music, by identifying pitch and rhythm of written notations.

PSHE/RE

- **Being me**

Pupils will also be introduced to our new **myhappymind** lessons.

French

Pupils will develop their speaking skills in the topic; Do you have a pet?

Notice:

Swimming is on Wednesday morning and PE in on Friday afternoons. Please ensure pupils have correct the correct kit.
