

# Foxes-Autumn 2

## Maths

Pupils will continue with the topic:

- Multiplication and division.
- Fractions.

Followed by consolidation of the whole terms learning.

We will also continue with daily multiplication and division practice and number mastery.

## English

Pupils will write an informative text

Explore use of:

- Purpose
- Audience
- Subject specific language

## Science

We will be studying: Living things and their habitats. Pupils will explore the similarities and differences in how plants reproduce between species, and use a range of skills to present findings.

## Topic

This term I am excited to deliver the topic - Mines to markets . We will explore the worlds natural resources and understand the benefits of trade at home and across the globe.

## Computing

In this unit, learners develop their understanding in using devices to record and edit video clips using a range of visual techniques.

## PE

This term pupils will experience PE with a specialist coach and the class teacher - working on invasion skills that can be applied in basketball

Pupils will continue with swimming this term-Wednesday mornings.

## DT

Pupils will be working with electrical systems and developing doodlers.

## Music

Pupils will deepen their understanding of music, by identifying pitch and rhythm of written notations.

## PSHE/RE

- **Celebrating differences/Expressing belief through worship and caring for others.**

Pupils will also continue with to our **myhappymind** lessons.

## French

Pupils will develop their speaking and listening skills in the topic; La date.

## Notice:

Swimming is on Wednesday morning and PE in on Friday afternoons. Please ensure pupils have correct the correct kit.
