

## English

This term in English, we will be looking at quest narratives. We will be concentrating on building characters and starting to use dialogue.

## History

In History, we will be learning about Matthew Flinders, a locally born explorer, who circumnavigated Australia.

## Art/Music

Art - Sculpture - Clay Houses

Music - Singing - On This Island

## Maths

In maths, we will be learning about money and working on our multiplication and division skills. We will continue to build our times table skills and using them to progress our learning.

# Otters

## Spring 1

# The Story of a Great Explorer - Matthew Flinders

## PE

We will be going swimming on Wednesdays and having our weekly session with Elite sports on a Monday.

## Science

In Science, Otters will be investigating the topic 'Materials'. We will identify and compare the suitability of a variety of everyday materials and investigate how some the shape of some solids can be changed.

## Computing

Programming A - Robot Algorithms

## RE

We will be finishing our 'Sacred Texts' topics and then investigating what is meant by religion and worldviews.

## PSHE

Dreams and Goals - We will be discussing setting goals, building resilience and working well as a team.
